### Vision and mission statement

#### OUR VISION

To be a Museum that is an integral part of our community, contributing to the process of nation-building through nurturing a society that is aware of the value of the past and is constructively engaged in the present in order to create a better future.

#### OUR MISSION

- To develop representative collections reflecting our social and natural environment with particular reference to the Eastern Cape;
- · Preserve and hold these collections in trust for the nation;
- Enrich our knowledge, understanding and appreciation of the collections through research;
- · Render our collections accessible and usable to all;
- Assert that education for all is integral to all our activities and central to our public service role.

#### BOOKINGS

The Education Department offers museum lessons throughout the course of the year.

A booking form can be found at the back of this booklet. Complete it and send it to the following;

TEL: (046) 622 2312 FAX: (046) 622 2398

Ms N Madinda on n.madinda@am.org.za

NB. It is essential that you make your booking well in advance as education section of the museum is experiencing staff shortages.

#### VISITING THE MUSEUM

**Opening Hours** 

Monday - Fridays: 9h00 - 16h30

Weekends programmes are available on request.

Contact Ms Nozipho Madinda Tel (046)622 2312 or E-mail: n.madinda@am.org.za

#### MUSEUM LOAN SERVICES

The Museum Loan Service is available to both facilitators and learners. The Mobile loan Service consists of boxes containing fixed museum objects from both the social and natural sciences. Boxes may be loaned for a maximum period of 4 weeks. The service is facilitated by the Mobile Museum co-ordinator Ms N. Madinda

Tel: (046) 622 2312

E-mail: n.madinda@am.org.za

### RATES, FEES, DONATIONS

**Visitor Rates:** 

Adults R20.00, Children R10.00, Students & Pensioners: R15.00

The Museum's Education Department does not have an admission cost. However, donations to the museum are always welcomed.

Front of house officials are happy to conduct tours for groups that

need to gain more insight in museum galleries.

Please feel free to ask for a tour on arrival.

# School lessons and programmes

These are lessons that are designed for schools. They are based on schools' curriculum content. Educators will be able to identity suitable grades for the lessons that the museum is offering. Furthermore, educators are encouraged to advise museum educators about the lessons, workshops and any other programmes that will enhance classroom teaching and learning. Interested educators must complete the attached form.

## MYTH AND LEGENDS OF SOUTH AFRICAN REPTILES B. Mills

Plants and animals on planet earth: Live snakes, spiders and other creatures are on show! Learners get to understand the behaviors of various creatures and why they are important.

Dates: 6 - 9 February 2018

### HISTORY OF GRAHAMSTOWN

G. Zomelele & B. September

History of Grahamstown: The lesson traces the origins of the city of Grahamstown from stone age era to the present. It uses the exhibition "Contact and Conflict" to illustrate some of the events that took place in the last 196 years of the town's existence.

Dates: 12 -16 February 2018

### GREAT LEADERS G. Zomelele & B. September

Makhanda. This lesson explores qualities of great leaders. Nxele as he was known, is remembered as one of the greatest leaders in the struggle against white encroachment in Xhosa territories. He led Xhosa warriors in 1819 in what became known as the War of Grahamstown. Albany Museum hosts an exhibition and

facilitates a lesson that explores the qualities that made Makhanda a great leader.

Dates: 5 - 9 March 2018

## EXPLODING MYTHS: ENTERTAINING SCIENCE EXPERIMENTS J. Sewry

Chemical reactions; what happens when one element mixes with the other? Be amazed by some of the products of the experiments.

Dates: 16 - 20 April 2018

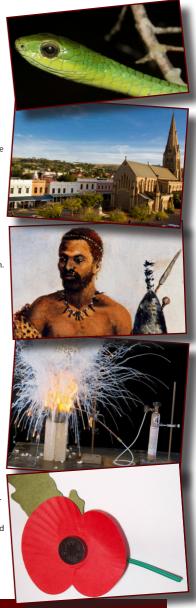

### GRAHAMSTOWN AND THE FIRST WORLD

**WAR** G. Zomelele & B. September

The years 2014-2018 commemorate the 100th anniversary of the First War War (1914-1918). Just over 250 men (Black and White) from Grahamstown and

neighboring towns lost their lives during the war. Albany Museum hosts an exhibition that will greatly enhance the knowledge of grade 10 learners about the First World

Dates: 9-12 October 2018

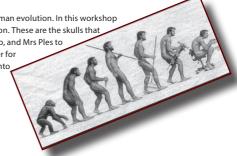

### HUMAN EVOLUTION

R. Prevec

One of South Africa's great national treasures, is its wonderful fossil record of human evolution. In this workshop participants get to handle replicas of the skulls that demonstrate human evolution. These are the skulls that are household names in many parts of the world. The Taung Child, Naledi, Karabo, and Mrs Ples to name a few. But how do we know that humans evolved? Participants will discover for themselves how the skulls, stone tools, and genetic evidence can be organised into

evolutionary trees- revealing a common ancestor between humans and chimps. Dates: 22 - 26 October 2018

### WHAT IS HERITAGE? G. Zomelele & B. September

This lesson explores the concept of heritage in its entirety. It is followed by a 20 minutes walking tour of monuments. Grade 10 history learners who are doing research on heritage will greatly benefit from this lesson.

Dates:14 - 18 May 2018

### SOLAR SYSTEM N. Madinda

Solar system, Phases of the Moon, Planet Earth and the Earth and the Sun.

Dates: 5 - 9 Nov 2018

### PLANT IDENTIFICATION P. Cimi

This lesson will assist the learners to distinguish between alien and indigenous plants, uses of certain plants and importance of biodiversity.

Dates: 6 - 11 August 2018

Dates: 24-29 July 2017

### TAXIDERMY TALK T. du Toit

He explains the process involved in preparing animals for display.

Dates: 4 - 8 June 2018

#### HUNTER GATHERERS C. Booth & B. Tana

The lesson explores the occupation of hunter-gatherers on the South African landscape in trying to expand on the information provided in text- books. Reference to hunter-gatherers in a global context will also be mentioned.

Dates: 19 - 23 February 2018

# BIRDS "Weaverbirds - an African speciality" A. Craig

"Living in Africa, one has surely seen weavers building nests and displaying near them. Not only are they master builders, but also adaptable to every environment in Africa. Often in groups, sometimes huge flocks, they have very varied social lives. Our Eastern Cape species show most of this diversity."

Dates: 7 - 11 May 2018

## LIFE IN THE POND: What do you know about freshwater invertebrates?

H. James & M. Mlambo

Learn about the importance of these tiny insects in improving the quality of our water.

Dates: 15 - 19 October 2018

### AMAXHOSA KINGDOM

#### P. Mntonintshi

AmaXhosa speaking ethnic group is the 2nd largest mixed group found in South Africa. Currently they are mostly found in the Eastern Cape and Western Cape and other areas. In 2015 King Zwelonke Cornelius Sigcawu of amaXhosa became the 5th ruling King of amaXhosa. He therefore took over the reign of power to continue servicing his nation under democracy making sure that our Norms and Customs are observed and performed so that the future generations may learn from Xhosa people.

Dates: 10 - 15 September 2018

# Mobile Museum events and other activities

### MUSEUM LESSONS

- Walking tour of the town's monuments: The #RhodesMustFall heightened awareness and stimulated interest in heritage. This tour takes visitor to some of the gems of the town and stimulates discussion about memorialization and public representation all year round.
- Mammals A general tour to Mammals Gallery
- Blue Planet Hub Gallery A short presentation, stories and models to learn about the importance
  of water and how to conserve it.
- Landscapes of the Eastern Cape
- Xhosa plants Gallery

### MOBILE MUSEUM SERVICES

This service enables the museum to carry out programmes in communities especially those that are unable to visit the museum. Various programmes including road shows, career exhibitions, public lectures, etc are conducted.

### NIGHT AT THE MUSEUM - 5 TO 13 YEARS OLD LEARNERS

This event is for families to get out and have some fun. There will be various activities taking place throughout the evening such as the gallery tours by torchlight, treasure hunt, dress up in the costumes and masks. Bring your own lunch. The cost will be R100 per family.

Dates: TERM 1: 13 March 2018

# KAROO FOSSIL SAFARI

# The fossils of Nieu-Bethesda - South Africa's own Permian Park The Kitching Fossil Exploration Centre

Is situated next to the world famous Owl House in the picturesque Eastern Cape Karoo town of Nieu-Bethedsa. This centre tells the story of life in South Africa 253 million years ago during the Permian Period. Discover why the Karoo is an Internationally important place for fossil finds and about the extinction event which destroyed most of the Earth's life 251 million years ago.

Learn about James Kitching and the other world famous palaeontologists who worked in the Nieu-Bethesda area.

Take a half-hour stroll with a guide to the nearby Gats River bed to find real fossils then walk back to the Centre via the historical foot bridge. Hats and strong shoes are recommended for the walk. Note: Fossils are protected by law and may not be collected or traded.

### **Visiting the Exploration Centre**

Take the Nieu-Bethesda turn off from the Graff Reinet -Middleburg road, in Nieu-Bethesda follow the signs to the Exploration Centre.

December holidays: 09:00 - 18:00 Normal times: 09:00 - 17:00
